After being bearing bald for a long time and having tried all the hair rastorative; extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial. MISSOURI RIVER. SPRING ARRANGEMENT FOR 1855 The Regular Priday Packet

is February last, on a tract of land densely timbered, easy of access from the surrounding country and situated favorably for health; already there are a number of houses going up. It has the following resources as a good and prominent point:

Firstly—A Good Landing.

The Missouri river at this point is compressed within a narrow space, the channel is remarkably deep on the Delaware side, and washes for a mile above and below, the Kansas shore, thus affording at all times a sufe and secure landing for steamers.

Secondly—Timber in Abundance

The tract of land on which the town is laid out, is covered with valuable timber, for building purposes, besides this, there is on the opposite side of the river a large bottom, heavily timbered with oak, ash and walnut.

This town has on the Sansas aide of the river than a sansa aide of the river than a sansa aide of the river a large bottom, heavily timbered with oak, ash and walnut.

For Lexington, Kansas, Fort Leavenworth, Weston, Atchison and St. Joseph. ts THE staunch, well built and well furnished Steamer Ben Bolt.

Asa Assis, Master, will run as a Regular Packet during the entire srason hetween St. Louis and St. Joseph. The Ben Bolt is emphatically an INDEPENDENT packet, and

will continue in the trade as such, and opposed to the present steamhoat monopoly.

The Ben Bolt is of excellent carrying capacity, and her accommodations for passengers are unsurpassed. Every effort will be made by the officers to merit a liberal pat-coage. This boat has entered the trade on the Missouri River, with the determination on the part of the officers to oppose all menopolies, adopting the maxim, that competition is the life of business.

Patronise boats, if you would carry out this principle, that will not enter suto a combination to hire up and the Pilots to keep down competition.
